

Proposed Stalking Protection (Scotland) Bill

Introduction

A proposal for a Bill to increase protection of victims of stalking by giving police the power to apply for stalking protection orders on behalf of victims. The consultation runs from 29 April 2019 to 21 July 2019. All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document. Questions marked with an asterisk (*) require an answer. All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response. Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded. Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here: [Consultation document](#) [Privacy Notice](#)

I confirm that I have read and understood the Privacy Notice attached to this consultation which explains how my personal data will be used

Aim and approach

Q1. Which of the following best expresses your view of increasing protections for victims of stalking by giving police the power to apply for Stalking Protection Orders on behalf of victims?

Fully supportive

Please explain the reasons for your response, including any advantages and/or disadvantages of the proposed Bill.

If police had this power it would take away the financial barrier for victims who only have the civil route as an option for pursuing a NHO. It would also mean that the trauma & stress involved with engagement with the court process would be taken away.

Q2. Which of the following best expresses your view of limiting Stalking Protection Orders to a maximum duration of two years, with the possibility of renewal by the court?

Partially supportive

Please explain the reasons for your response.

I'd prefer to see a 5 year term imposed as this would send out a clearer message condemning the behaviour

Q3. Which of the following best expresses your view of making the breach of a Stalking Protection Order a criminal offence, with a maximum sentence of up to 6 months imprisonment and/or a fine on summary conviction, and up to 5 years imprisonment and/or a fine for conviction on indictment?

Fully supportive

Q4. Which of the following best expresses your view of allowing a Stalking Protection Order to be made against a child (i.e. under the age of 16 and above the age of criminal responsibility in Scotland)?

Fully supportive

Please explain the reasons for this response.

Social media in particular means that it's easier for children to engage in a stalking course of conduct as a way to bully and harass. The effect on the victim is the same regardless of age.

Financial implications

Q5. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

	Significant increase in cost	Some increase in cost	Broadly cost-neutral	Some reduction in cost	Significant reduction in cost	Unsure
(a) Government and the public sector, including the police and courts		X				
(b) Businesses			X			
(c) Individuals				X		

Equalities

Q6. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, maternity and pregnancy, marriage and civil partnership, race, religion or belief, sex, sexual orientation?

Positive

Please explain the reasons for your response.

The bill would ensure that everyone is afforded greater protection from stalking and harassment and those with protected characteristics would be afforded much greater protection. This could only lead to a more positive outcome in terms of equality.

Q7. In what ways could any negative impact of the Bill on equality be minimised or avoided?

I don't believe that there would be a negative impact

Sustainability

Q8. Do you consider that the proposed Bill can be delivered sustainably, i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Yes

General

Q9. Do you have any other comments or suggestions on the proposal?

As someone who has and is being stalked, I wholeheartedly back the bill and cannot stress how much easier and less stressful my life would become if the proposed legislation was available.
